Tides of Change

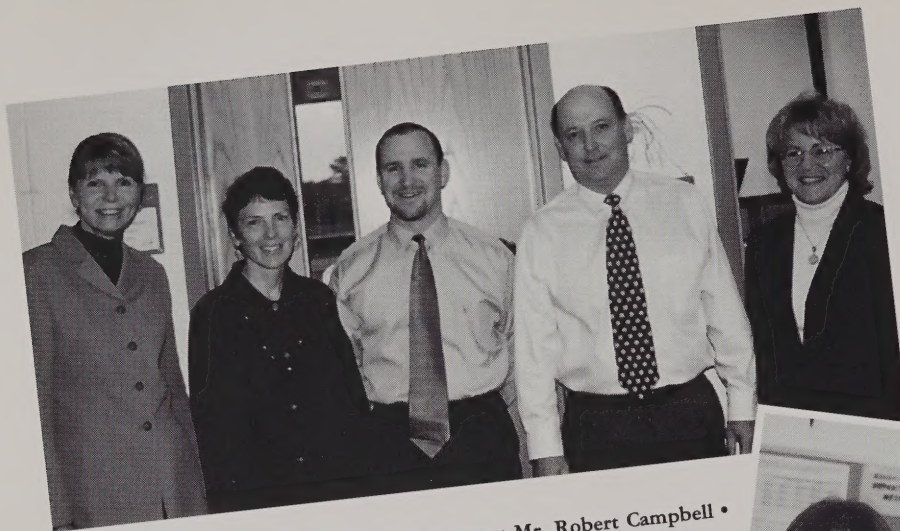

Each day,
The ocean churns and rolls,
The waves curl and buckle.
The tide-creeps up the beach,
Tickles the sand,
And subsides.

Such is high school.
A new wave of children.
Children - that they are.
Young, nervous, and scared.
Long halls.
Tall seniors.
Four years is an eternity.

A sea of years.
Four years.
The sea rolls.
Friends melt together.
Classes are blurs.
We are thrown about,
Tossed,
Mixed among each other.

Until four years later.
Four fleeting years.
We emerge.
Weathered
By the salty winds.
Tests, fights, break-ups.
But touched by the cool water.
Best friends, Fridays, love.
We are ever so alive.
And ready.

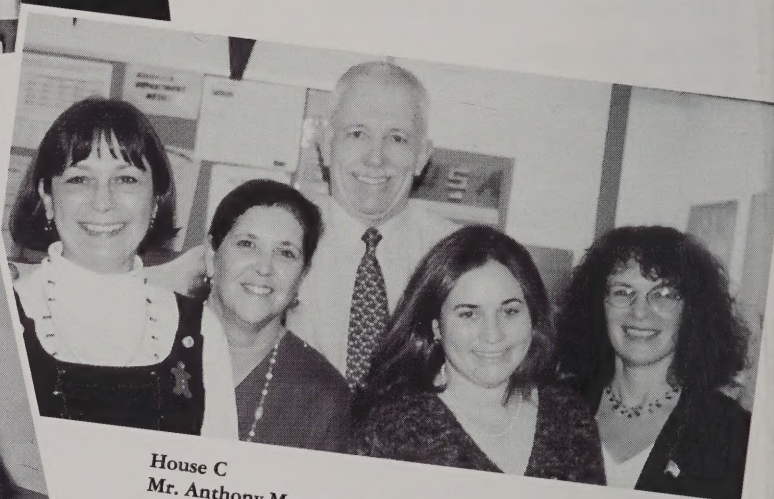

And we are swept onto shore.
No longer bound
By our sapphire protector,
We wander away, sad.
But thankful for the journey.
And the tide shrinks back
To the sea.
To start again.

I'm not going to bother putting the initials of everyone I know in here because in ten years I won't understand why I put most of the people in here. I've had fun in some classes and slept in others. I've laughed about nothing and I've laughed with everyone. I've grown away from some people and grown closer to others. There are some moments that I will never forget and some that I will.

Four years gone already. My lord,I'm going to miss High School. I'll miss the plays and the concerts, the marching band shows and the football games, the band bus rides and the competitions. I'll miss chorus, lunches and classes, but most of all I'll miss my friends, without whom High School would have been crap. It has been said that "a friend is one who knows you and loves you just the same." Amanda, Allison, Christine, Cristin, Jake, Jeanine, Jenni, Jeremy, Laura, Liz, Mara, Nichole, Rachel, Shauna, Sarah, Tiffany, and so many others, you're all amazing people and I am privileged to have you as friends. Well anyhow, what would a write-up be without a list of inside jokes, so here goes. Beardo, Beardlish, chicken-in-a-bag, Paco-Jorge, neeblefoof, do the gauchio, rancid seagull bum, yay griffing, CS — Moo, teapot, Mashpee Commons, fish face, ten minutes, and the Booth of Death — goodnight Nichole. Thank you to all my friends and to all my teachers, especially Mr. O'Toole, Mr. Sullivan, Mr. Rosenblatt and Mr. Stevens. And a special thank you to Mom, Dad and Andrew; I love you all. And finally I'll leave you with a closing tidbit of advice: "Be happy while you're living, for you're a long time dead." Ba-Bye.

Numb is all I feel Could any of this ever be real? Possibly in another life another world far away from here Could I touch the sky, reach for the stars to pull me far save me from this pain and struggle twisted evil forever more it sinks deep inside Could I kiss the sea? It beckons me close whispering in my ear all that I want and need to hear The peacefulness of crashing waves against this soul of pain Could this ever be a reality Could all ever become clear?? Everything's blue in this world. The deepest shade of mushroom blue, fuzzy spilling out of my head. I dedicate this, as well as the life I have been trying to understand to Brian.

High school is a microcosm of society, with as much social organization and positioning as any adult environment. Sadly many students throw away their personalities and talents in an attempt to position themselves in the adolescent hierarchy. Of course, there are still many more who refuse to surrender their identity, and I praise you all. Happiness can only be attained when you have integrity and passion; no amount of money, power, or the opposite sex can change this. Of course, you will face difficulties and challenges, but persevere. While we live in a cruel world, passion will allow you to survive with a smile in your mind if not on your face. Though you may find a reasonable occupation, if you aren't passionate then you cannot and will not do anything for society or yourself. Only those who enjoy what they are doing will be able to make something good come of it for themselves and everyone else. Good luck on molding the future. Thanks to Mr. Beveridge for the puns; OM 2001 for the world; Yev being a gracious opponent; my parents for dealing with me; and, most importantly, Kim, for making it all worthwhile. Remember "nobody in the world ever gets what they want and that is beautiful."

"So I have just one wish for you — the good luck to be somewhere where you are free to maintain . . . integrity . . . and where you do not feel forced by a need to maintain your position in the organization, or financial support, or so on, to lose your integrity. May you have that freedom." — Richard P. Feynman

I just want to give thanks to all my teachers I've had through my four years here at BHS. You were all wonderful, and I will miss you all when I am gone. To my friends I have gained and lost. I have learned many lessons throughout high school, and now that it is time to move on, and face college and life after that, I will take those lessons with me, and the friends I've gained, and say goodbye to those I've lost. I will miss you all, and good luck to everyone!

Mother of Pearl, we're still standing! My sweet DiDi, your wisdom and love healed, encouraged and saved me. Unit, you are my biological complement — I would be crinkly crackhead E.T. without you — You are My Iron Lung — I love you both immensely. Dad, I love you. I know I'll hear Amie, Kren, Kim and Maire's kickin' music everywhere I go — plus Karen's freakin' hilarious/sharp wit. Speaking of sharp wit, Christine, one could slice through steel with your bitter sarcasm. Sarah LaRooo! I can't spell your name — I can say Guh, and Regn! Kate, I'm so glad I met you — knowing someone with similar views is such a comfort! School wouldn't have been as grand without Adam's gentlemanly manners, and Jeremy's kinky comments. Nicole & Jasmine, thank you for making me laugh so hard in Chorus. Liz, you are a pulsating brain! You are all my genius friends! Mr. O'Toole, you mean more to me than I care to admit, I'm proud to be the "Goddess of Death." Thanks y'all, for making school an eclectic, hectic, apoplectic mix. My last words of advice are brought to you from the Isley Bros: "It's yo' thang, do what you want to do."

Hey, everyone, high school was fun, but it's time to check out of here. It was a great four years and i'd like to thank my family for support in all the hard times and the good times. I would also like to thank all my friends who have been there over the years for me and to all those I've lost along my journey. I'll still remember you and thank you for when you were there. To all those who didn't know me, try to see me as the quiet, shy type, who was an outgoing, caring, loving person. I once was told I was goin' to go out and make a mark on the world; BHS prepared me to make that mark and now I go. Goodbye, I'll miss u all and hope the best of luck in your future.

I hope that at some time everyone can taste the lilies in the air, and see, really see all the beauty in the world; it's everywhere and when you find it please don't let go. Crawleys: You're the best, family thanks for always being there, mom, and dad: you inspire my soul 143, Josiah, may the force be with you to follow the sound ... I think I can finally breathe.

After all those years, we are still alive. Cant forget the crew of EBW as well. I've met many different people here in the past four long years. Some ask if this experience was worth it or not? You bet it was. I hope to all my friends that whatever you do when we're out, you have fun with it. Don't mess yourselves up too bad. I intend to see you all down the road as much as possible. Later, everyone! — BIG MIKE has spoken.

The art of philosophy has my tongue twisted. Ironically we are all gifted, yet blind of our true identity. Here's my remedy: instead of stressing, think of life as a blessing, because it's the only one we'll ever get, period. Now I'm serious, much respect to my elders(D& CMelix) who were there for me during my highschool daze. To my sisters, brothers, niece, cousins,aunts, and uncles, you all are forever in my prayers. Thanks to all the teachers, and employers along the way, TOALLMYTRUEFRIENDS associates,and even my enemies, ONELOVE, may God bless you all. Big thanks go out to KingFunk and Bon Bon for giving me the gift of life! Peace out Barnstable, it's been real!!

Bridgette Hazel Dreher

I really wanted to write some deep philosophical statement, but in the end I decided to write of the things I want to remember in 10 years. So . . . in my typical rambling way, high school was:

Hoys — no running in the lobby, I'd pay to see you do that again, Encounters w/the Kennedys; Amy . . . the sexy dance; Bessie and Herbert — trips on the Mass pike (dynamite); Drama — S&G WOZ, MFL, JATDC, TWT, ACL, HH 01, Point, OT, TN, BBB, Cabaret 99, 01 and 02, BHSMB&WP 00-01; Alyssa — wanna see a scary movie? Disney, Broadway, Hollywood and Belle . . . Mom, Mammaw, Pappaw, Grandma Bailey, Aunt Tonia & Hannah — I love you guys . . . although we've had some rough spots, you are what keeps me sane. One final thought:

"There's only this — there's only here, give into love or live in fear. No other path, no other way — No day but today."

"What binds the fabric together when the raging, shifting winds of change keep ripping away?" — RENT

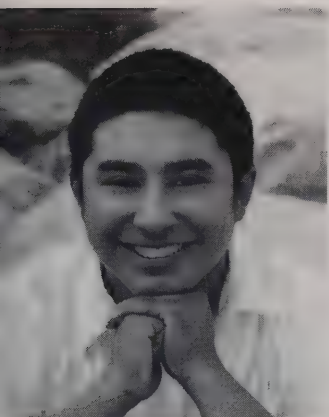

"Sometimes a smile happens in a flash, but the memory of it can last a lifetime."

Squirrels, Drew wall, BFFBoon — Mr. Dodds, D.O.B.,Jon R [what?] BFF, Mal — Malphy, wrong hoop Sarah, ballet, Carly — Bev. Hills 97, Florida 99, Jackie, dancing C, the roof, ozzie, I love you all and you're the best friends anyone would ever want. What's up to everyone else, J.C.,M.C, K.C,C.J.,P.D.,J.E., R.B.,D.C.,C.M, R.H. I'll never forget you guys and I'm glad it's over.

School's over now, we made it through 4 years, now the time's come, for reminiscin and tears. Lookin back, on all we did, the good & bad times, they were all worth it. Friday night games, homecoming dances, all our good friends, ever changin romances. Chillin in the parking lot, cruisin in the halls, talkin during class, we really did it all. From lowly freshman year, to the long year of junior, now we're the kings, we're finally seniors. We've spent years workin hard, and it's about to pay off. We're gettin ready for college, but that don't mean the fun stops. There's still the rest of the year, and a summer too, and with all that time, there's lots we can do. High school is learnin, but also fun and games. It's kinda like Cheers®, everyone knows your name. Now for the shout outs, I'm runnin out of space, *Kurt*, remember the *GT*, & the smiles it put on your face. *Jake*, you still owe me the 6 bucks from our games, *Justin*, *Pants*, *Can-Can man*, you have so many names. *Zach*, you're strange, but I guess it's okay. *Leigh*, hooked on phonics, will work for you someday (j/k). *Ryan*, *HORSE*, you know the rest, remember golf and Zoe's, those nights were the best. *Rizzo*, remember who I am. *Edwards*, too bad about the fight. *Scheets* you're such a tough guy. *D-jax*, I guess that you're alright. If I didn't mention you, in my list of shout outs, relax and peace easy, cause I'm done with this, I'm out.

At first I would like to thank my parents for the fact that they gave me the possibility to come to America and experience this great country with its people and just become part of America's every-day life. I really appreciate this fact and will never forget this. Besides also my host-family made my stay here so wonderful and they gave me the feeling of being a member of their family and their life, that made me feel so comfortable. As a matter of fact I also would like to thank all people that helped me coming here and to all my family and friends in German (esp., MS) that always stood behind me. But the most and biggest thanks and greetings and whatever else I would like to send out to all my new friends (dogs) here in big old USA that I got to know from time to time. You all made my life here so sweet as it never has been before. Also thanks to Mr. Gyr for the activities during Astronomy, like the star parties. I also could mention a lot of names that became very important for me, but at first the people know whom I mean and besides I don't know all last names, a.s.o. Finally I want just to thank all people that made me really enjoy my stay in America and made me live each second of my life.

Life is filled with all kinds of opportunities, experiences, and numerous types of people. People who affect you and your very life. The way I see it, living is like reading a book. Considering we've been in school for most of our lives, school is like the first huge chapter. As we graduate, we slowly move on to the next chapter. One filled with all sorts of things, most importantly, people. Friends are the most important people to me in my life besides my family. Without them, I don't know where I would be right now. I can't think of anyone else I'd rather move on with than my friends. They say, if you have one really good friend, then you're set for life. Luckily for me I have many good friends, and I think they deserve credit in this write up: Bob C., Ben P., Simon F., Pat A., Joe M., (The Inner circle), as well as André D., Amy T., Mike B and Derrick R. Thank you so much all, for the best of times. We've been through so much together, and lived to tell the tale . . . For all of you who are not graduating this year, the best of luck to you, and for all who are, I'll see you just around the corner! I can feel the pages beginning to turn. The start of a whole new chapter of life.

Well what can I say this was my first year and my last year all at once. Now don't get me wrong three years at Sturgis was great but now I know what I was missing out on and I just wished I head realized that sooner. To my family thanks for helping me out last year and to my friends thanks for always being there, MQ, LV, RL, CP, AE . . . you guys are my best friends and its been a really good year, with it could have been longer, and EL I miss ya chica! I'll always remember the Ben Feller summer . . . even though he wasn't exactly what we hoped as we found out, tacos at three in the morning on the living room floor while singing karaoke to the wedding singer, late night sneak outs with EL walking across the lawn, Ouija board promises and stories: WALLY, Independence park, many mikes, huddled outside Bradlees while others were in Stop & Shop tipping bread racks over, power lines/craigville motel, still scared to go in the lightening room?, communications with Fred and hand prints on the wall, Ah Kansas . . . coming alive, the notebook with Pat and Rocky, and to my other good friends like RS(one of the lucky ones who made it out alive) and BD(no more scary movies after school) thanks you guys. Oh one last thing . . . Peach tea forever!!!

WOW, SENIOR YEAR! It seemed so far away freshman year, but now I can't believe it's ending. I've made so many friends and memories that I will never forget. Drama has definitely been the best part of high school. Yay, "Booth of Death" and "Chamber of Nakedness." My wardrobe now consists of only paint clothes, but it was well worth it. Yay Jeanine and Adam! We are the scaffolding masters. Don't stand up Jeanine you might fall. Oh no Adam, watch out where you're splattering all that blue paint. We will always remember the moss on the ceiling and the paint room incident. JEREMY! Hmmm? Just remember Tiffany . . . cows are just like dogs. I totally blame you for that Adam. Go secret circle! I hope they never put it in a cone Laura. Woo Hoo Jake the Lighting Guy! You definitely are the most huggable person in the world; NEVER LOSE THAT QUALITY! Yay to parties and Twizzlers. Ice cream solve every problem, and I totally agree about David. No one is ever allowed on my trampoline again, but we can always watch Clue on my waterbed in the dark (we definitely all fit) ;) Please don't be offended if you are not in my senior write up, but it is impossible to fit everyone. Thank you Adam, Jeanine, and Laura; although you all fight way too much, you have been the greatest friends ever :)

I have so many thing I want to say, but I'm not sure how many people really care. So this write-up is for those that I talked to, those who listened. Meg, I'm gonna miss you majorly. You have a sense of humor that most people don't understand and you can carry on a conversation with actual meaning. Thanks for intellectual fun. Chelsea, I love ya girl, it's been great debating religion with you. Jeff, well what can I say caffeine boy, anime forever. Joe, come on you knew you had to be in my write-up, you don't say much, but what you do say is really in depth and thoughtful. I wish you would share that with more of us, we missed out a friend. To Wanda, have fun without me in Chorus, and reach for the high notes. Allegro Mundo baby! To Erni, thanks for you wackiness, and long live the skittles! Resia, well . . . may too much, I never said I told you so, and the brackets live on. Hill, love the math talks, and I will forever keep on talking to myself. Juli, Haruka and Michiru will live on, and I actually remembered Halloween this year. To Grant, my bro, keeping it with the crystals and rainbow colored . . . heh, nevermind. Lastly to Mer, my bf in the entire world. Without you I never would have gotten through Chatham and sophomore year. With inside jokes abound, the only one I can say is that yes, you do look like her. Love ya, and big thanks to the lunch ladies.

Growing up means letting go of a lot of your childhood. However, my family I'll never let go. I want them to know that they mean the world to me, and no matter where God takes me they will be there by my side. I am happy to know that life goes on, even when problems arise, and only experiences will conquer all. I have traveled to a lot of different places, with many more to go, and am thankful for all of the wonderful opportunities my parents have provided. I look forward to college, and all it has to offer. And to all my friends (MD, CB, LL, JL, MD, JP, CM, and more), I give my best wishes. I have had an interesting life with all I have done, and hope to accomplish much more with years to come. May the memories of life live on forever, and may the beach be always close to home.

First of all, I would like to thank one of my closest pals, Nancy, who has been by my side since the first day back in freshman year. Remember girl, Bob is mine! Shannon Murphy my best friend since 7th grade, we have been through so much together. Grampie's boat, New York, ahhhh those were the days. Now that high school has come and gone, we might be separated by our college plans, but we will always be bonded by the everlasting memory of teabags! Jourdine, Jackie, Nancy, and Latoya for getting me through junior year, and the ever-so boring process of training! Sign language all the way!!! Mrs. K. my favorite teacher, who believed in me, pushed me to my limits, and supported me through everything. All of my buds at my old school that i didn't mention who always made me laugh. Especially Josh the LOVE of my life (J/K Nancy! Or am I?). All the people who were in my general psych class at the college, mostly Professor Burlin, who never intimidated me in front of everyone. And most of all my grandfather, who has shown me that through hard work, and perseverance, you can make your dreams come true. Even if it takes 27 years to fulfill and then some!

As I look to the stars, the heavens are so immeasurable, yet so beautiful, & I am simply happy to be what small part of it I can be. Thus, other things seem so insignificant — even this paragraph . . . However, Let me say that my 2 years at BHS have truly been a learning experience. First of all, many thanks to the teachers here who have enriched my life, but this place is nothing w/o friends. You know who you are, so if I love you; that goes without saying — literally. But I always do have words for Val: friends since grade 7 & further to go. You're the one I can always laugh w/, THANK YOU! I'm completely sure that there is more corniness along our path, oh & botties too. Don't be afraid to just *let go* of the silence sometimes. NEVER to be forgotten are my trackgrrls — esp. shEN as well as Lalala babes: A. King! So much changes in a yr, & as even more go by, I know I may not see some of you again. Let us all change, but hopefully into someone more positive. My advice: regret is an ugly word. Lastly, to those who have shaped me. All my LOVE to Mom, Dad, Sean (bro and friend), baby-K, as well as the rest of my family. PS *Chicken Dance Forever*

Well I made it through high school. I had my share of good times, bad times, and boring times (mainly boring). I want to thank my friends who made the school day just a little better, you know who you are, and if you don't well . . . HEY thanks anyways. Hmmm . . . I wish I could say more, but high school has not been what the T.V. portrayed it as, it hasn't been the best 4 years of my life, and it hasn't been the most memorable. To end on a happier note I met some pretty cool people inside the walls of Barnstable High (along with some dumb) I probably won't forget you. SO LONG, GOOD-BYE!!!!

This chapter of our lives is over. Some may say that they are happy to finally move on, and are all too eager to forget, but I will always remember this as one of the best times of my life. Next year I will move on to college, and to new experiences, leaving my high school career behind me. I can only hope to enjoy whatever the future holds as much as I have enjoyed these past four years. I'll never forget everyone who has had an impact on me. Sturgis, Mandi, Christie (retrospect), Pat, Jillian (giant red head with a gun!), Anthony, Ellen, BHS, three great years. Zach (Corruptor), Jake (gloves?), Dryz (Dirty Guat . . . bulldog+ "gang bang"), Evans, Sarah, Lauren(buccnr!), Kim(eat the yogurt), Heather (ribbit), Christina, Alex, Merri, Orme, Eric(Pineapple -2AM?), Nathan, MikeyB(So much to say about Mexico), Kurt, Ricky, Todd, Casey, yev — TheMad Russian — Pundik, Joe Coombs, Rizzo, Shechtman, Shymala (through it all), Jeff, Leigh, Joakim, EJ, Bernie B!, Mitchell's Steak House, Paddock, Black Rock Grill, good times. Thanks to everyone who helped make me feel welcome here in lovely Cape Cod. Much has happened and much has changed, I think. The short time I spent here at BHS has been good, bad, and ugly. But for the most part, good. Hooray for school! It was fun while it lasted. So when we're all old and smelly, let's look back at our time here and crack a smile and say, "It was worth it." *Vaya con Dios*, and good luck.

It's been a great four years filled with fond memories and great friends. Some thoughts to remember. Always have the courage to attempt new things, never confine yourself to only what you think you can do. Always hold your eyes with pride, respect, and honor because if you don't respect you, who else will? The best way to eliminate a problem is to solve it. And live by the saying, "Smile, it's contagious." My heart goes out to all of you, wherever the road ahead may lead, however bumpy or smooth, long or short, great or small. I hope that at the light you are happy with what you've done, and what you are doing. I also hope you find it easier to get through the rest of your day. Remember that it is little things that will allow you to keep functioning day in and day out.

I hope that when I read this twenty years from now, I can remember all the fun I had, because I actually enjoyed high school, although I hope I'm doing something better in the future. Thanks to my friends: Nichole (the artist), we still have to see Rocky sometime. I can't wait to see your cartoons on TV, they'll be better than Spongebob. Kim (the all-around genius), you're too talented — you're the Supreme Commander of this family! Adam (the very smart actor), I've known you since, what, first grade? you surprise even me sometimes. I love your car, too, and your locker, but mostly your personality. Jeanine (the people person), Ilove how you know everyone's secrets, but why won't you tell me any?!! Cristin (the huggable great one who draws profound pictures and thinks profound thoughts), you don't even realize how great you are! It's so obvious you'll be happy, no matter what you do, you're a natural. Jenni (the stressed out fan of every band ever), stop worrying about your hair, it always looks fine! Chelsea (the Conservative), heh, I respect your views and all that, but I wouldn't mind if you changed a few. Mara (the film artiste), yes, yes, I'll come see your wonderful flicks, as long as I've got your vote. As for the teachers, thank you Gyras, Carlon, Golden, Bennett, Eastman, Inger, Auger (hmm, slant rhyme), and everone else. Mom, I love you so much — you're wonderful and you've made me who I am. Thanks.

Sometimes without conscious realization, our thoughts, our faith, our interests, are entered into the past. We talk about other times, other places, other persons, and lose our living hold on the present. Sometimes we think if we could just go back in time we would be happy. But anyone who attempts to reenter the past is sure to be disappointed. Anyone who has ever revisited the place of his birth after years of absence is shocked by the differences between the way the play actually is, and the way he has remembered it. He may walk along old familiar streets and roads, but he is a stranger in a strange land. He has thought of this place as home, but he finds he is no longer here even in spirit. He does not recognize himself, and cannot determine whether or not he truly belongs in his own past anymore. He has gone on to a new and different life, and in thinking lovingly of the past, he has been giving thought and interest to something that no longer really exists. This being true of the physical self, how much more true is it of the spiritual self?

" 'Welcome to the real world,' she said to me, condescendingly, 'Take a seat. Take your life. Plot it out in black and white.' Well, I never lived the dream of the prom king, or the drama queens. I'd like to think the best of me is still hiding up my sleeve."

Poem

All of us at this
BHS
we kick some butts
not anymore
we are the number
one
and seniors rule
We know the rules
at high school
and we know all
about that
Don't cry
we will be back
to visit you again

All of our seniors
do their best
in their classes
I know they
work hard
And if we count
on it
We will miss all
of you
And we will
come back
next year
I hope you have
a great summer
We love you
And staff
thank you so
much

Astronomy

Club

The Astronomy Club extends beyond the classroom to include stargazing activities held each fall and spring at Sandy Neck. Here, we observe the moon and planets, stars, popular constellations, nebulae, shooting stars, and galaxies beyond our Milky Way. In the fall (odd years), we attend the prestigious Wright Lectures held in Boston at the Museum of Science. Each spring we attend the very popular Lowell Lectures, which are also held at the Museum of Science. Astronomy provides an opportunity for students to "connect" with others, while wondering about their place in the universe.

Special surprises sometimes come
Some may have thought that you were one
But in our hearts we always knew
That our family circle needed you

You were destined to come along
To add to our joy, our laughter, our song
To do the things only you can do
That make you so uniquely you

So it doesn't matter how grown up
Or far away you might be
Because you are still "our baby"
And you always will be

Love you and so very proud!
Mom, Dad, Dee Dee, Meme, Pepe, Rob,
Lori, Keith, Susie, Freddie, and Janine

I know a girl who was "Sweet Sixteen"
The sweetest girl, who was never mean
Always a smile, a wave, and a prayer
Kept in my heart, she'll always be there.

She grows into womanhood before my eyes
The picture of American Apple Pie
Just the right amount of sugar and spice
If she could only stay "Sweet Sixteen"
Twice or thrice.

I would throw her a party with family and friends
I'd sing Karaoke until she begged it to end
She would play me a classical romantic song
Maybe her brother would want to strum along.

We would sing a celebration tune
To a "birthday Girl"
With the sign of the rising moon
A Virgo, as earthy as sand on South Beach
A friend to many, and always within reach.

Loyal, devoted, well-grounded, and true...
That's why, Sarah, I truly love YOU!

With Eternal Love, Mom xxxxxxxx

Congrats to you and your classmates!

Maxim Gelmann (con. from pg. 49) – You showed me the real "American life" (too many things to mention) with real "American food" like Dunkin Donuts (thanks Mr. Dunkin for the invention I could eat 24h a day, 1st Reas. Cups with CB (thanks for all) and all your advises) and also real "American music" as Grapefruits. You made my stay just unforgettable good. Just thanks for making me feel here very comfortable since the first day and for all the new friendships. Besides I'll never forget the great time I spent here with my new friends in my 2nd home and I'll forever keep in mind the bunch of sport activities, the parties, a.s.o. and just the time we all had together. I hope my different dances and songs (Miles my Fresh Prince) will minds.

Of the 414 graduating seniors at Barnstable, you would be hard pressed to find one that doesn't know, or, at least, know of Mr. O'Toole. Well, as an English teacher, a director, a yearbook editor, and, of course, a friend, Mr. O'Toole is difficult to avoid. Not that we'd want to, OT has proved not only to be an challenging, yet entertaining, academic teacher, but also, an inspiring person to know in general. Whether you're running late to Algebra and in

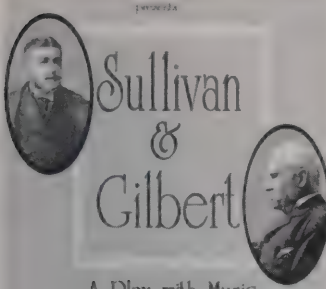

dire need of a pass, looking for help preparing a Shakespearean speech for a college audition, in search of a computer to type a neglected essay during activity period, or just want a good laugh between classes, Mr. O'Toole is always happy to help. He is one of those teachers that truly makes an impact on students' lives and it's hard to imagine BHS without him. And we'd like to take this, frankly, inadequate yearbook space to thank him.

Sarah—

Kah was your name and "Gah'guh?" was your call,
A curly-haired Buglet in a blue baseball cap,
The finger pointing, the eyes scanning all,
Hating dresses and especially your naps
Learning the presidents and the Red Sox,
Emitting a howl when Morgan brought in Young,
Enjoying Lone Ranger and Bobo's head knocks.
Never sleeping unless the songs were sung!

Reaching back through the years—they seem so few,
Our time together so fleeting now,
Such a wonderful life lies before you —
Every day of that life's made us proud.

Oh, how we love you; how we'll miss you, Kate!
Take that love where'er you are whisked by Fate.

— Mom, Dad and the boys

Top: Catie Street and Elyse take a volleyball time-out to serve up a smile.

— Simon Fornari showing off his stylish duds!

— Two blonde beauties, Marnie Schulenburg and Sarah Flaherty, during passing time.

Middle: Colby Ouellette, do a lil dance, wear a silly outfit, get down tonight!

— Gangster, E. J. McLeavey-Fisher, "Here's lookin at you kid."

— Adam DiGiacomo: "Man I really want to hit Mike Scarpato right now!" Why does Jared Kalweit have a bat up his nose?

Bottom: The belt, the rings, the shirt, Melissa Stern has it all. Go Girl!

— Clare O'Keeffe, not as verbose with the camera!

— Matt LeClair, "I'm too sexy for BHS."

Top: Caitlin, Melissa, Robin, Kim, and not an underclassmen in sight ... gotta love the Senior Cafe! Two seniors actually carrying books? Good thing we took a picture!

Row 2: Jamie Brumfield presents a 50's version of "Tears of a Clown."

Yo, Ryan. what exactly is coming out of your nose? Bridgette Dreher or Frodo Baggins — you decide.

Passing Time

A journey we embarked on four years ago.
Remember? Long ago? When we were fourteen?
Self-conscious and small, we wandered the halls,
Carrying our lives in our spruce LL Beans.

The seniors were giants, the juniors were beasts.
Our world was their jungle,
And we were their feasts.

The halls stretched for miles,
Classes lingered for days.
And passing time?
Through the senior wing
We stepped cautiously,
As if in a maze.

But these memories of high school
Seem like so long ago.
That wasn't only four short years.
Is it really so?

A thousand lunch bells have rung since.
A million grades exchanged.
Four proms, four Spirit Weeks,
Hundreds of sports games, concerts and plays.

We know this place intimately now.
We have conquered this jungle.
We have made it through.

So it's time to say goodbye to Barnstable High.
To our teachers and our friends,
To the corridors that always seemed so long
And the freshmen, who now seem so small.

Our moment here has passed,
As all moments in all of time do.
The last four years, we will never forget...

But now it is time for something new.
